Sorry, can't call due to service commitment. Saw the emails with Liz and understand. Totally agree with the message to NM but some of the key reporters writing about New Mexico are based in Denver. Please make sure to include them and/or have R8 also forward the info. Just want to make sure we have all our bases covered and are speaking with one voice.

David-I know you were on a plane last night while we had a comms call, but we discussed coordinating press between all three impacted regions. Is it possible to push this out with all three regions included? It's key that we speak with one voice.
